

William Scavone, M.A., C.M.I.

Certified Medical Illustrator

38 Union Street #3, Lebanon, New Hampshire 03766

RESUME

PROFESSIONAL EXPERIENCE

Medical & Biological Illustrator/Designer, Sole-proprietor, 1998 – present

Kestrel Illustration Studio, L.L.C., Lebanon, New Hampshire

Works directly or remotely with art directors, publishers, authors, and content experts to produce medical, biological, and natural science illustrations for print and electronic media. Designs logos and posters. Designs and implements multimedia user interfaces.

Medical Legal Illustrator, 1998 – 2000

Med Art & Legal Graphics Company, Akron, Ohio

Created medical-legal illustrations, exhibits, and animations for litigation. Consulted with attorneys and medical experts and reviewed patient medical records, including emergency department, surgery, and radiology reports, to clarify and communicate witness and expert testimony. Designed patient-care time lines, illustrated surgical procedures, and enhanced radiographic images of a wide variety of injuries and pathologies for both plaintiff and defense firms.

Interactive Media Designer, 2000 – 2010

Interactive Media Laboratory (IML), Department of Community & Family Medicine,
Dartmouth Medical School, Hanover, New Hampshire

Worked in a team setting to produce multimedia educational programs for the health care and emergency response communities made with proprietary multimedia engines and Flash, HTML, and CSS. Designed graphical user interface elements, built and rendered 3-D models, created 2-D and 3-D graphics for animations and video compositing, and designed printed packaging and promotional materials.
